# SYNOPSIS

## Why has Shungite remained such a mystery for so long?

Shungite defies all scientific rules from its creation to its actions and its still baffling scientists today, with its unique abilities to conduct energy, reverse electron spin, break the molecular bonds on harmful chemicals, bring cells out of damaged states, being an anti-inflammatory, supporting our vital organs during modern medical treatments, increasing the life span of our blood cells maximising the quality of our drinking water unlike all other water filtration methods, what can it not do?!

It's the magical inner workings of its remarkable Nobel Prize winning fullerene C60 molecules that are defining this rare carbon mineroloid as being the genesis stone and the catalyst to release old paradigm the new wave of medical applications without harmful side effects, as well as physics law breaking meta-materials that harmonise the debilitating WiFi EMF signals.

With the timely coincidence of a prophesied extraterrestrial blue glowing explosion linked to the revealing of centuries of control by the ruling classes of the entire populace of Earth through divide, conquer, tyranny and taxes, Shungite exploded into all our lives for a truly transformational effect. Many using Shungite have reported gaining unexpected spiritual development, through the strengthening of their own bodies unique biofield enhanced frequencies. Now is the time for the revealing of your true nature as you become ready for the culmination of galactic, planetary and personal frequencies to activate within your DNA; connecting you with a whole new cosmic and quantum level of understanding and being to your purpose.

During their 25 years of incorporating fullerene structures into arts and academic projects they were led to find Shungite. Cassie and Rich were inspired to create beautiful health and wellbeing solutions that they had not been able to afford to buy in the past. In 2018 in partnership with Susie Ashworth they developed a range of highly effective natural bodycare products utilising the benefits of Shungite carbon C60. Their work can be found at: [www.oraphimshungite.com](http://www.oraphimshungite.com)

Our existence is saturated with poisons and Shungite provides the safest powerful free radical balancing for our precious bodies. Potentially being the key to the unlocking of our innate abilities beyond our wildest dreams, our planet is on the eve of its transformation cycle which comes around every 24,920 rotations of the sun or 323,960 full moons!

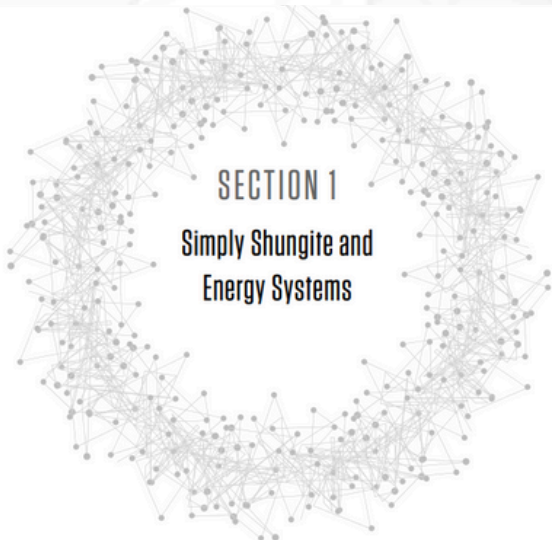

Hailed the total detoxification solution of the century, Shungite purifies, reprogrammes and transforms lives from suffering with Electromagnetic smog to even clearing toxic radioactive water at Fukushima. With Nancy L Hopkins discovery that by adding silver to the Shungite a brand new next level solution had been found in combating weapons grade Wi-Fi technology, with Cassie and Rich leaving behind their established lives they were drawn to seek out this rule breaking compound and put their creativity to greater uses.

There are 144,000 base DNA pairs in you which are arranged in a sequence that defies random development and these are targeted by the latest C\_vid MRN\_ gene editing treatments and the fullerenes found in Shungite have been discovered to fit the nooks and crannies of our DNA to become the scaffolding for its rebuilding and repair. With the arrival of the exploding blue ball over the only fullerene rich Shungite deposit in the world, in the Karelia region of the ancient Sami tribes of Finland Russia, only days before the first global lockdowns of 2020 a prophesy was fulfilled; the end of the old world had arrived and the frequency of the whole planet began to rise up, recently measured by Walt Silva to be still climbing above 70,000 GHz which is attenuating 5G out of its harmful state and initiating the global shift in consciousness.

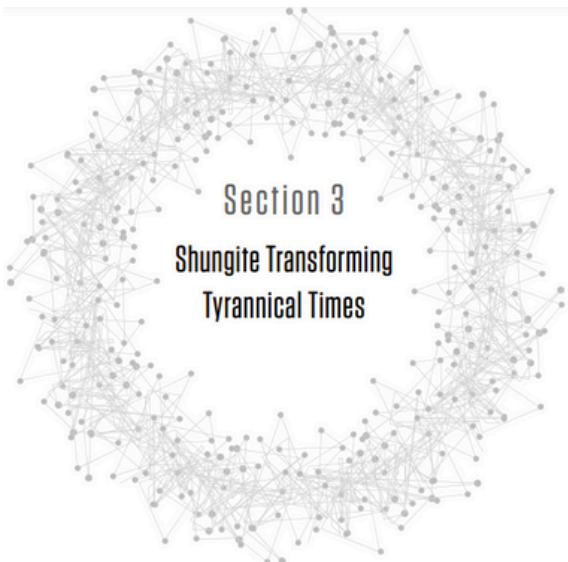

Shungite has come to activate new higher frequencies in each and every one of us. As Shungite purifies the water we drink we become purified and connected to the divinity of our humanity, what links us all are the hydrogen elements seeking connection through Pure Water and there's no stopping the wave of mass awakening now.

Through the calming of the cortisol and the engaging of our hearts healing by Shungites' natural activation process we can clear the chaos and initiate the observer being we have within, to gain greater insights to becoming less triggered and reactionary and step into the void of our salvation with a new partner in Shungites' presence.

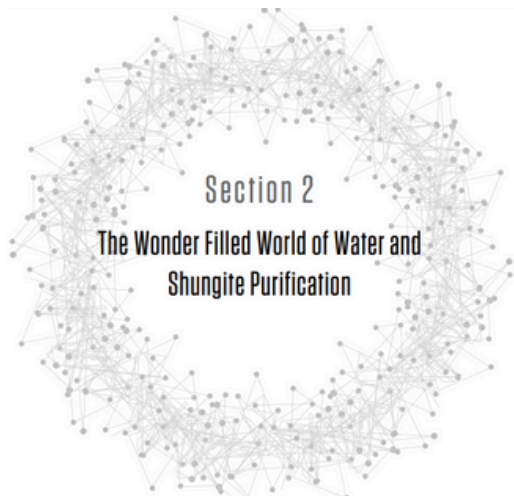

Powerful silver activated Shungite that Oraphim incorporate and deliver in many beautiful easy to use solutions including platonic forms such as pyramids and the worlds first seventh sided heptahedrons can provide the release and insights to your yearning, brought about through complicated personal family histories and ancestral trauma which can bring great sadness, loneliness and isolation from spirit, often leaving us longing for answers. The key is that we must learn to keep asking, and our environment will provide the clues all around us in ways we feel are beyond normal explanation, as we become 'as-Kings', for something remarkable is about to happen and with our expectant hearts ripple of transformational joy nothing can stop what is about to take place, you made it here to this magical realm to be the witness for this divine mission, your Shungite enhanced energy is to affect others around you in many beneficial ways, which transforms the past generations and the future to come, you are a quantum spirit being in your perfectly beautiful human form, the next chapters are written by you and your Shungite activated wishes become my reality.

Shungite from Karelia contains the fullerene molecule. In 1996 Curl, Kroto and Smalley won the Nobel prize for its discovery

Shungite is mined from the surface and from the nine layers below the surface

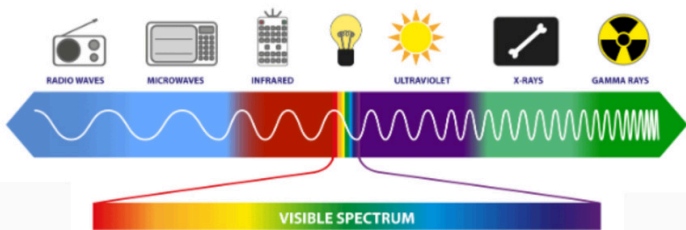

Shungite must originate from Zazhoginskoje, Karelia, Russia

### ELECTROMAGNETIC SPECTRUM

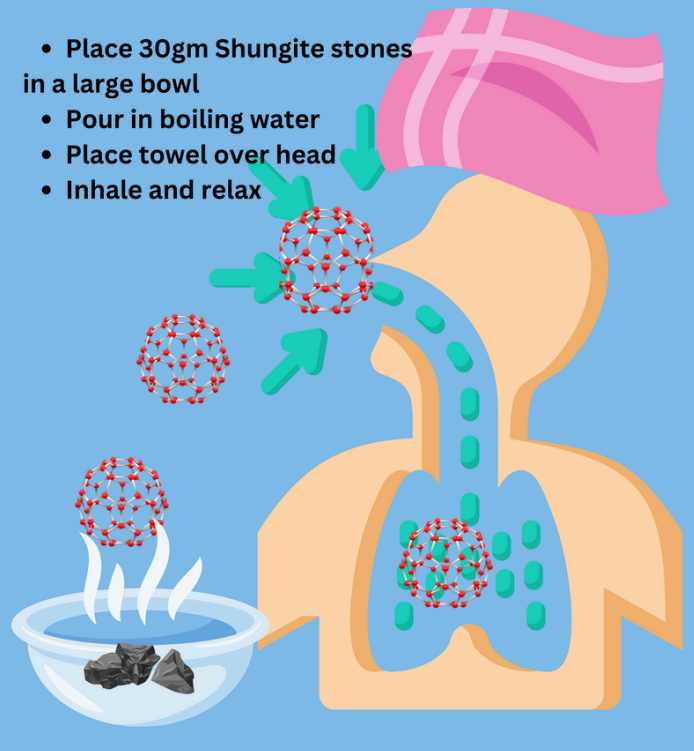

Veda Austin's Hydra glyphs showing the 'Waves' of the Shungite Energy (Aether Perturbations) these also match the Mycelium, and scalar Energy hydroglyphs Communicating the quantum network that shungite creates

### Anti - fungal and Antiviral Shungite Steam Inhalation for Rapid Recovery:

- Place 30gm Shungite stones in a large bowl
- Pour in boiling water
- Place towel over head
- Inhale and relax

### Oraphim Toggles

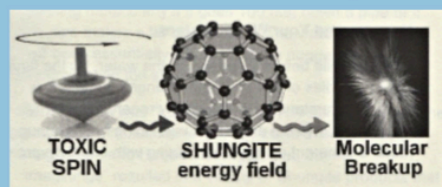

Shungite has been proven to purify without direct contact with the water, the molecular bonds on harmful chemical molecules are broken, as the energy from Shungite spins them apart at 20-30 billion times a second

Using Oraphim's toggles on taps and bottles is a great way to get Shungite working where it's difficult to place stones such as taps, showers and bottles

"Thank you for this. Our tap water looks and tastes so much better."

"These toggles really do work....I got them on taps and can see the magic happen... clean and clear water 🙌 Great products and great customer service 😊"

## QUANTUM PURIFICATION

Molecular bonds of toxic chemicals are broken by the Shungite energy.  
Toxic chemicals rotation is opposite to the way our cells rotate. -Walt Silva

### Fluoride nullified with Shungite

When chlorine is present the water sample turns yellow because the chlorine reacts with potassium iodide in the acid solution (Water purity: iodine release method)

The darker the Red the less Fluoride present

The water samples remained purified of chlorine for 5 days with both options: the toggle or sticker on the outside or in contact by touching the stones for 1 second

5 Days Later

*This are great I can notice a difference in my office environment, and great value for money too.*

*Arrived super fast. On my phone already & doesn't seem to be getting so hot A great price too Thankyou*

*Thank you so much! My phone is no longer overheating, and I mentally feel more protected! ♥*

Michelle van Wyk 04 Feb, 2021 5 out of 5 stars Speedy delivery. I am gobsmacked. My laptop had not got hot today and neither had the charger. I can't quite believe it. I also placed one of these stickers on the kitchen tap. My children commented on the clean and lovely tasting water. This is an exceptional product.
